NOI MARITIME FZE LLC

Company Profile

Established in 2020 | United Arab Emirates

About us

Established in 2020, NOI MARITIME FZE LLC is a logistics company based in the UAE, helping businesses manage their freight, transport and storage requirements. We arrange ocean and air freight, GCC land transport, customs clearance and delivery, local trucking and warehousing solutions.

Our purpose is to make logistics easier for our customers. We take time to understand each shipment and recommend practical options that balance cost, transit time and cargo requirements. We help customers reduce avoidable logistics costs while maintaining service quality and timely communication.

Our mission

To make our customers' lives easier through practical logistics solutions, responsive service and clear communication, helping them control costs and focus on their business.

Our values

Customer first

We start with the customer's needs and recommend solutions that serve their business. Every shipment deserves attention, whether it moves as a full container or a smaller consignment.

Mutual respect

We treat customers, colleagues and service partners with fairness and professionalism. We listen carefully, respect each other's responsibilities and work together to resolve issues.

Transparency

We communicate clearly about service options, charges and shipment progress. When circumstances change, we explain the impact and discuss the available solutions.

Freight transport and delivery

We help customers choose the right transport option for their cargo, shipment size and delivery requirements, with clearance and local delivery support where needed.

Ocean freight

Full Container Load (FCL) and Less than Container Load (LCL) solutions. We match the shipping option to your cargo volume and commercial priorities, helping you balance freight cost and transit time.

Air freight

Air import, export and cargo consolidation services, with options selected around shipment urgency and cost. Our consolidation offering includes the United Kingdom, Italy and China.

GCC land freight

Full Truck Load (FTL) and Less than Truck Load (LTL) services across GCC routes. We arrange transport according to shipment size, cargo requirements and delivery needs.

Customs clearance and delivery

We arrange customs clearance and onward delivery through the following UAE and Oman locations.

Country	Service locations
United Arab Emirates	Jebel Ali, Sharjah, Khorfakkan and Fujairah
Oman	Sohar and Duqm

Local trucking

We work with multiple vetted fleet owners to arrange local transport. This gives us flexibility to match the vehicle and transport arrangement to the cargo, collection point and delivery requirements.

Our approach to cost and service

Our pricing reflects the service and attention each shipment requires. We look for sensible savings through suitable routing and transport choices, while protecting service quality and timely responses. We focus on the overall value of the logistics solution.

Warehousing and storage

We arrange warehousing solutions across key UAE locations, with options for general cargo, food products and goods requiring ambient, chilled or frozen storage. We help customers select storage to suit their cargo and distribution needs.

Storage options and locations

Storage option	Locations
General warehousing	Jebel Ali Free Zone; Dubai mainland; KIZAD; Musaffah, Abu Dhabi; Sharjah mainland
Food storage	Municipality approved food storage warehouses in Sharjah and Dubai
Ambient, chilled and frozen storage	Sharjah, Dubai and Abu Dhabi

Storage as part of your logistics plan

The warehouse location and storage conditions should fit the shipment's next step. We help customers consider proximity to their collection or delivery point, cargo requirements and the wider transport plan when choosing a solution.

Warehousing can be coordinated with freight, customs clearance and trucking so that the movement and storage requirements are considered together.

Contact NOI Maritime

Tell us what you need to move, where it needs to go and when it is required. We will help you identify a suitable logistics solution.
